

COMMUNITY HEALTH WORKER UPSKILLING PROGRAM

CONTINUING EDUCATION COURSES

Opioid Use in the Age of
Fentanyl and Xylazine: A Primer

Guardians of Health:
Understanding Communicable
Diseases

Troy University is offering a Community Health Worker (CHW) Upskilling Program, giving community health workers and others that are involved in community health the unique opportunity to complete continuing education hours to enhance their role in their communities.

UPSKILLING PROGRAM REQUIREMENTS

- Must be a Community Health Worker or equivalent position
- Complete two online continuing education courses
- Complete both courses within a 2-week time frame
- Complete a short quiz following each course

UPSKILLING PROGRAM BENEFITS

- Receive timely healthcare education and training
- Self-paced, online courses
